Ponce de Leon Failed; His Prize Is Found

Ponce de Leon, the daring explorer, searched among the swamps of Florida for the Fountain of Youth, which the Indians said would restore power and make people young. He did not find it. Thousands of chronic intestinal, bowel and stomach sufferers have written to Geo. H. Mayr, 154 Whiting St., Chicago, in quest of health. They have found it. His remedy, composed of healing vegetable oils from France, has indeed given them back the health of youth. Why suffer from indigestion, gases on the stomach, fainting spells, torpid liver, constipation and all the evils of a disordered stomach when there is permanent relief here? Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be returned without question or quibble if ONE bottle fails to give you absolute satisfaction. VENEZELOS BURSTING IN ON WAR CLOUD AGAIN OVERSHADOWS GREEK MONARCH

Popular sentiment in Greece has been on the side of former Premier Venezelos since the beginning of European hostilities. A firm sympathizer of the allies, he early made suggestions that Greece enter the war on their side. His strong belief in his principles forced him out of the premiership twice by the action of the king, who held out for a "benevolent neutrality" only. This action, said to have been encouraged by Queen Sophia, who is a sister of Kaiser Wilhelm, has proved unpopular with the Greek people. The recent demobilization of all Greek troops on the demands of the allies stirred the population to public demonstration in which Venezelos was a big factor. But with the occupation of Kavala, Greece, by Bulgarian advance on Salonika the people were reported to be in a fiery heat, and the strength of Venezelos gained proportionally. In Greek politics he now overshadows King Constantine, and there is talk of making Greece a republic with Venezelos president. Speaking in a military sense than the action of the Greek general staff in demobilizing three army corps and leaving the entire artillery are other supplies behind to fall into the hands of the Bulgarians.

San Antonio, Texas, Sept. 5.—Military authorities today are investigating the second riot in which members of the Eighth Illinois (negro) infantry have participated since being stationed here. Fifty negro militiamen are in the guard house here as the result of trou-

ble that followed the arrest of one of their number by a city policeman. Over 100 of the negroes gathered about the officer and his prisoner and serious trouble appeared imminent until the provost guard arrived and arrested about half of the guardsmen.

IT'S SETTLED NOW

It remained for sheriff John Orr to find a solution of the LaCreole-Rickreall controversy that has been waging so warm for several weeks, and

we are not surprised that it was necessary for the sheriff to interfere. While over to Grand Ronde on official business last week, Mr. Orr interviewed an Indian squaw described as "most a hundred years old." After buying the old girl's dime's worth of candy the sheriff asked her which was the original name of the beautiful stream which flows through Dallas-LaCreole or Rickreall. "Some white men call 'em LaCreole and some call 'em Rickreall," said the old woman, "but I-tun him all time call 'em Chau Chiu Chaul.'"—Dallas Observer.
